In the concluding portion of his letter in S.N.1., a

We cannot provide money for these purposes without leaving ourselves with no surplus to build up our accumulated surpluses; indeed, we should have to draw a little on the accumulated surpluses. I think that we must definitely say that we cannot consider these items till the financial position becomes clearer and not in the coming year in any case.

Entertainment of 6 Pupil Nurses.

Sir,

I have the honour to inform you that the present number of Pupil Nurses (7 in 3rd. year at Rs 30/- each, 6 in 2nd. year at Rs 20/- each and 6 in 1st. year at Rs 15/- each) is found to be inadequate to meet the necessities of the Nursing Department of these hospitals. As it is, we cannot depute one for the Bowring Out-patient, the X-ray Department or the Splint and Emergency Rooms. Nurses for these Sections of this Hospital are absolutely necessary. Moreover, when pupil nurses go on leave we find it very difficult to arrange for efficient nursing. I therefore consider it very necessary to increase the present pupil Nursing Staff by 6 i.e. 2 in 1st. year on Rs 15/- each, 2 in 2nd. year on Rs 20/- each and 2 in 3rd. year on Rs 30/- each with ration and uniform allowances as usual. Under these circumstances I request that you will kindly obtain sanction of the Hon'ble the Resident in Mysore to increase the Pupil Nursing Staff. The extra expenditure can be met from the savings under Establishment of 24 Medical Hospitals & Dispensaries for the year 1930-31. I may state that, considering the number of patients in these hospitals, the proportion of Staff is not great and a nursing service is only secured by employing pupils of the Nursing School of these hospitals, and thereby affording an economical provision of Staff.
